13	Guitar amp - <b>main</b>	SM57	Short boom
14	Guitar - <b>alt effect</b>	DI	
15	Guitar - <b>bass line</b>	DI	

## STEREO IMAGE

In AMAGUK, both the guitarist and clarinettist have three independent lines: **bass**, **main**, and **alt effect**. For both of them the *main* is always engaged and should be sufficiently panned to the respective side of the PA. The line *alt effect* helps widening their sound and create a stereo effect and should be sufficiently panned to the opposite side of the PA. Both *bass* lines should be treated as regular basses.

Instrument	PAN
Guitar amp - <b>main</b>	
Guitar - <b>alt effect</b>	
Bass Clarinet - <b>main</b>	
Bass Clarinet - <b>alt effect</b>	

## INSTRUMENTS SUMMARY

### DANIEL DENIS

Electric guitar (stereo) - 1 amp + DI  
Bass line (mono DI)  
Voice

### ALEX COULON

Drum kit + 1 extra snare

### MASSIMILIANO DOSOLI

Bass clarinet (stereo from pedalboard)  
Bass line (mono DI)

## BACKLINE

If possible, we would like to use the backline issued by the organisation:

- 1 Guitar amp (Fender Twin Reverb or similar)
- 1 Bass amp as monitor
- 1 Drum kit: hardware, toms, Hi-Hat, x1 snare, kick, throne, x3 cymbal stands, carpet.
- 1 Table for merchandise

**If you have any questions please stay in touch with our general contact:
